

No.	Session	Time	Convenors
1	Self-supply's potential for increased resilience and water security	Mon 23 Aug 08:00-09:00 Thu 26 Aug 14:00-15:00	Ask for Water GmbH, International Water Management Institute, IRC, MetaMeta, Rural Water Supply Network, SKAT Foundation, SMART Centre Group ,University of Technology Sydney ,WaterAid
2	Kavango Zambezi Transfrontier Conservation Area– Creating Value Chains for All	Mon 23 Aug 13:00-14:00	International Water Management Institute, Kavango Zambezi Transfrontier Conservation Area, Peace Parks Foundation, The Permanent Okavango River Basin Water Commission, USAID Resilient Waters Program, Zambezi Watercourse Commission
3	Networking: Rethinking our cities	Mon and Tue23 and 24 Aug 20:10-20:55 Wed and Fri 25 and 27 Aug 16:10-16:55 Thu 26 Aug 09:10-09:55	Stockholm International Water Institute
4	SIWI Seminar: Climate action across sectors and boundaries (2/3)	Mon 23 Aug 20:10-20:55	Cooperation on International Waters in Africa (CIWA)/World Bank Group, International Water Management Institute, Stockholm International Water Institute, United Nations Economic Commission for Europe
5	Inclusive communities are more climate resilient – fact or fiction?	Tue 24 Aug 13:00-14:00 Thu 26 Aug 07:00-08:00	Australia Pacific Climate Partnership, Australian Department of Foreign Affairs and Trade, Australian Water Partnership, Institute for Sustainable Futures, University of Technology Sydney, International Water Centre, Plan International, SNV Netherlands Development Organisation, United Nations Educational, Scientific and Cultural Organization, Water for Women Fund
6	Building Climate Resilience through Rainfed Agriculture in the African context	Wed 25 Aug 10:00-11:00	Climate Resilient Infrastructure Development Facility, Stockholm International Water Institute, World Agroforestry Centre, Zambezi Watercourse Commission
7	Carrots, sticks, equity: managing over-pumped groundwater systems sustainably	Wed 25 Aug 10:00-11:00	China General Institute of Water Resources and Hydropower Planning and Design at Ministry of Water Resources, International Water Management Institute, Swiss Agency for Development and Cooperation
8	Supporting societal transformations in delta’s through long-term partner engagements	Wed 25 Aug 10:00-11:00	Bangladesh Ministry of Planning, Diamonds of the Delta network, Egypt Ministry of Water Resources and Irrigation, Government of the Netherlands, Government of Vietnam, Ministry of Natural Resources and Environment, Vietnam, Ministry of Water Resources, Bangladesh, World Bank Group
9	AMCOW-Groundwater Program: Spearheading a vision on groundwater resilience in Africa	Wed 25 Aug 14:00-15:00	African Development Bank, African Ministers' Council On Water, British Geological Survey, Federal Institute for Geosciences and Natural Resources, Germany, German Water Partnership, Global Environment Facility, Global Water Partnership, International Water Management Institute, Swedish International Development Cooperation Agency, World Bank Group
10	Real time water data from satellites to achieve faster resilience	Thu 26 Aug 08:00-09:00	Asian Development Bank, eLeaf, Food and Agriculture Organization of the United Nations, IHE Delft Institute for Water Education, International Water Management Institute, MetaMeta, Wageningen University & Research
11	How to make the invisible visible – Communication on groundwater	Thu 26 Aug 13:00-14:00	Federal Institute for Geosciences and Natural Resources, Germany
12	Conservation in WASH Systems: Collaborating on Source Water Protection	Thu 26 Aug 18:00-19:00	Tetra Tech Inc., The Center for Water Security and Cooperation, The Nature Conservancy, Water For People, World Wide Fund for Nature
13	Putting People First: Citizen-Centric Climate Adaptation and Mitigation in Water	Thu 26 Aug 19:00-20:00	Government of the Netherlands, International Union for Conservation of Nature, Swedish International Development Cooperation Agency, WaterAid, World Bank Group
14	Integrating Against Drought – the Southern Africa Drought Resilience Initiative	Thu 26 Aug 21:00-22:00	International Water Management Institute, United Nations Convention to Combat Desertification, World Bank Group
15	Building resilient communities: it’s time to take groundwater quality seriously	Fri 27 Aug 08:00-09:00	British Geological Survey, Friends of Groundwater, International Association of Hydrogeologists, International Groundwater Resources Assessment Centre, UN Environment Programme, UNESCO Intergovernmental Hydrological Programme, World Water Quality Alliance
16	World Water Quality – Overlooked and Undervalued	Fri 27 Aug 11:00-12:00	Friends of Groundwater, International Association of Hydrogeologists, UN Environment Programme, UNESCO Intergovernmental Hydrological Programme, World Water Quality Alliance
17	Storing Water: a new integrated approach for resilient development	Fri 27 Aug 13:00-14:00	Global Water Partnership ,International Union for Conservation of Nature, International Water Management Institute, World Bank Group
18	World Water Day 2022 - Groundwater, Making the invisible, visible	Frid27 Aug 14:00-15:00	UN-Water
19	Valuing Partnerships and (Trans-)Formative Processes for Resilience from the Subsurface	Fri 27 Aug 17:00-18:00	American Groundwater Trust, British Geological Survey, Federal Institute for Geosciences and Natural Resources, Germany ,Global Environment Facility, International Association of Hydrogeologists, International Institute for Applied Systems Analysis International Water Management Institute, University of Strathclyde, University of Victoria
20	Closing Plenary	Fri 27 Aug 18:00-19:00	Stockholm International Water Institute

Valuing Partnerships and (Trans-)Formative Processes for Resilience from the Subsurface

Time	Title	Speaker/Moderator
00:00-00:05	Opening and Setting the Stage	Moshood Tijani, African Minister's Council on Water (AMCOW) - Moderator
00:05-00:14	Groundwater Solutions Initiative for Policy and Practice (GRIPP) – Five Years of Building Momentum	Karen Villholth, International Water Management Institute (IWMI)
00:14-00:17	Commemoration of Ralf Klingbeil, BGR	Thomas Himmelsbach, Federal Institute for Geosciences and Natural Resources (BGR), Germany
00:17-00:23	Partnerships towards Unlocking the Potential of Groundwater for the Poor in Sub-Saharan Africa	Kirsty Upton, British Geological Survey (BGS) on behalf of the UPGro Programme
00:23-00:28	Water, Food, Energy Nexus and how to incorporate groundwater at integrated scales	Taher Kahil, International Institute for Applied Systems Analysis (IIASA)
00:28-00:33	North American partnerships for training/education on sustainable groundwater use	Andrew Stone, American Ground Water Trust (AGWT)
00:33-00:38	Climate Justice, Groundwater Data and Science Led Policy	Bob Kalin, Univ. of Strathclyde (UoS)
00:38-00:43	Strengthening curricula and discourse on groundwater planetary boundaries	Tom Gleeson, Univ. of Victoria (UVic)
00:43-00:58	Perspectives on ways forward to enhance resilience from the subsurface through local to global strategic partnerships and capacity development – and moderated response to chat comments	Panel discussion: <ul style="list-style-type: none"> • Daniel Olago, Univ. Nairobi, Kenya • Dipankar Saha, former Central Ground Water Board (CGWB), India • Astrid Hillers, The Global Environment Facility (GEF) • Dave Kreamer/Jane Dottridge, International Association of Hydrogeologists (IAH)
0:58-1:00	Closing of Session	Moshood Tijani, African Minister's Council on Water (AMCOW)
